You didn't do any work for us nor do you know anything about our company. You're wasting your time and will get yourself in legal trouble for doing so. Let me make it clear. We do not use automation and we do not pay at the rate you have claimed. Everyone that has joined iScribed as staff is paid at a much higher rate than you claimed in your fake review and they are all happy with it and have been for a long time.

We are not a new company. You can post fake reviews and whatever you'd like but it's not worth your time nor mine so I'd like to ask first why you're so pissed off when you have never turned in even one file as work?

Please don't be calm as your review is temporarily filtered, because I will make a review of iScribed, at least 10 maybe this month. Just you wait. I won't let someone like this ruin the industry.
