Well, I don't really care about my [onlinejobs.ph](#) account. As you can see, I've been a transcriber for so long and there's not one feedback on that account, which if you're smart you might think of it as one of my multiple accounts.

So to summarize this, I don't care if I'll tell you I'm going to make a review of your company at Indeed.com and Glassdoor, so no one will work for you and you'll eat shit pork extremist Al-Qaeda Syria. Chao.
